SERVING THE *24TH* DISTRICT OF NEW YORK

2026 Artificial Intelligence (AI) Disclosure Form

Artificial Intelligence (AI) has been integrated into hardware, software, devices and applications, and can be a useful tool for proofreading, suggestions, and providing a framework for written communication. Educational institutions, such as the Military Service Academies, are still developing guidance related to AI, and its use in an academic setting.

The Congresswoman's Military Service Academy Committee, which reviews all the student application materials, and personally interviews the students, has asked for students to disclose if they have used AI in the development of their application or essay, and for an explanation as to its use and why.

Please complete and sign this document and include it in your application returned to the Congresswoman's office by **Thursday, October 1, 2026.** Thank you.

Date:_____

Student Name:_____

I have used AI in the development/drafting of my application and/or essay:

Yes:_____

No:_____

Student Signature:_____

If you selected 'Yes', please explain how you used AI, including how much of the application/essay that you used AI to draft the essay or application, if it was used for proofreading/editing/review, etc.:
