The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations  
H-307, the Capitol  
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Genesee, Section 219, NY project in Fiscal Year 2026. The entity to receive funding for this project is the U.S. Army Corps of Engineers. The funding would be used for the next phase of the Countywide Water Project to replace their water storage tanks and upgrade water storage capacity by 1,000,000 gallons. The project is an appropriate use of taxpayer funds because upgrading water storage capacity will provide immediate relief for the Batavia Water Treatment Plant and act as an essential public health buffer.

The project has a federal nexus because the funding provided is for purposes authorized by section 8375(a)(376) of the James M. Inhofe National Defense Authorization Act for Fiscal Year 2023 (Public Law 117-263).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

  
Claudia Tenney  
Member of Congress
