TRUMP ACCOUNTS

An early start. A lifetime of possibility.

What is a Trump Account?

A Trump Account is a long-term savings and investment account opened for a child. The child is the legal owner. Family members, employers, and charities can contribute. It is a revolutionary opportunity for young and future Americans to participate in the American Dream.

Could your child receive money to start one?

\$1,000

FEDERAL SEED DEPOSIT

For eligible children born
January 1, 2025 - December 31, 2028

\$250

DELL CHARITABLE DEPOSIT

For certain children age 10 or younger, born before
2025, in applicable zip codes

Family members, employers, and other charitable programs may also be able to add money to the account.

Why open one?

They give children an early stake in the American economy and exposure to the long-term growth of U.S. markets. Starting young gives investments more time to grow and compound, helping to potentially build wealth over time.

How do I get started?

If you did not open an account when filing your 2025 taxes, use IRS Form 4547.
