The Honorable Rosa DeLauro
Ranking Member
Committee on Appropriations
H-307, the Capitol
Washington, DC 20515

Dear Chairman Cole and Ranking Member DeLauro:

I am requesting funding for the Village of Mexico for Water System Improvements project in Fiscal Year 2026. The entity to receive funding for this project is the Village of Mexico located at 3236 Main Street, Mexico, NY 13114. The funding would be used for improvements to the existing water system, including replacement of aging water distribution lines, replacement of service laterals from the water main to the buildings, new meters and meter reading equipment, and the development of a new well. The project is an appropriate use of taxpayer funds because it will address critical infrastructure needs, enhance public health, and ensure a sustainable water supply for the community.

The project has a federal nexus because the funding provided is for purposes authorized by Section 1452 of the Safe Drinking Water Act, 42 U.S.C. 300j-12.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Claudia Tenney
Member of Congress
